

BURNISH MASTER 24

ACRYLIC FLOOR FINISH

An excellent floor finish that dries to a very bright glass like gloss when burnished with a high speed polisher. Can be easily maintained with spray buffing. Won't yellow, and will build a strong base for prolonged wear. Provides a deep, even shine which resist wear and abuse.

DIRECTIONS: Clean floor thoroughly with a good wax stripper. Rinse well and allow to dry completely. Apply BURNISH MASTER FINISHES with a clean mop or a lambs wool applicator; allow to dry for 30 minutes, then apply additional coats of finish if desired. Maintain by damp mopping with a neutral floor cleaner.
