

Big Blue is excellent in the area of restroom sanitation as it cleans ceramic tile floors, partitions, walls, restroom fixtures and does it all without the aid of phosphates found in most scouring cleaners. Its non-rinsing properties save time and money, and concentrated sequesterants help to remove restroom deposits and build up. Just spray on and wipe off with clean towel or sponge. No rinsing necessary.

Directions:

Light Soil: Use 1 oz per gallon of water. Normal Soil: Use 2oz per gallon of water. Heavy Soil: Use 4oz per gallon of water.

BIG BLUE

All Purpose Cleaner

• No Film • No Rinsing

Big Blue is extremely effective in removing soap scum from shower room facilities with its built-in Soap Solubilizing ingredients that provide outstanding restroom performance.
