

SHINE BRITE

Stainless Steel
Cleaner and Polish

A specially blended product designed to clean, polish and protect the surface of stainless steel, plastic laminates, and most other hard surfaces without abrasive substances. It removes light soil, finger prints, and water marks. Leaves an invisible coating on the surface which helps repel water and prevent resoiling. Has a mild fragrance during use, but is odorless after polishing.

Dampen a clean cloth with SHINE BRITE CLEANER and wipe surface to be cleaned.
